Overview

The inaugural Singapore International Choral Festival will be held from 21 - 24 August 2014. This festival provides a platform for cultural exchange through choral music, allowing us to teach, to touch and to transform through a common passion and love for singing.

We envision that this festival and her future iterations will allow participants to immerse in the vast cultural richness of the international choral scene, as well as forge friendships and exchange ideas among fellow choral enthusiasts. For the nation, this festival will also add vibrancy to our local music scene and inspire greater participation in the arts. We sincerely hope to see you at the festival!
